- ◆ Public Speaking, Conference & Keynote Delivery
- ◆ International Academic Lecturing & Instruction
- ◆ Program Design for Faith-Based Organizations
- ◆ Moral Injury & Spiritual Resilience Programs
- ◆ Whole-Person Care: Mental, Emotional, Spiritual

**PAST PERFORMANCE | INTERNATIONAL — POLAND (2024)**

*In 2024, Dr. Williams was invited to Poland for an international academic and community engagement mission — delivering at a formal academic conference, engaging university students in applied forums, educating high school youth, and facilitating community wellness workshops with live translation.*

International Conference	University Forums	Youth Mental Health	Community Workshops
5th Annual Conference on Education Inequality	Psychology & Pedagogy Student Applied Forums	High School Student Wellness Education	Church & Community Mental Wellness Programs

**Academic Conference**

- Invited speaker — 5th Annual International Conference on Education Inequality
  - Formal lecture on mental health disparities within educational systems
  - Integrated clinical, social & educational frameworks in a cross-cultural setting
  - Presented with live translation, demonstrating international instructional adaptability

**University Student Forums**

- **Psychology Students:** Applied forum on counseling frameworks, professional ethics, and real-world clinical practice
- **Pedagogy Students:** Practical session equipping future educators to identify and respond to student emotional and behavioral needs

**Youth Mental Health Education**

- Structured lecture to high school students on post-pandemic mental health, digital media effects, anxiety, isolation, and identity formation
- Practical tools for emotional regulation, healthy social engagement, and building mental resilience

**Community Programming**

- Facilitated wellness workshops in church and community settings on stress, anxiety, grief, and daily mental wellness strategies

**PAST PERFORMANCE | DOMESTIC EXPERIENCE**

- Designed and developed a faith-based mental wellness support group curriculum — **Balm 822** — including a participant guide and leader's guide; fully structured, programmed, and prepared for launch within the greater Atlanta, Georgia area
- Facilitated a grief recovery support group in partnership with **GriefShare** through a church organization over **five consecutive years** — providing sustained bereavement care and emotional healing support to grieving individuals and families
- Delivers individual crisis support services grounded in a **PhD specialization in crisis intervention** and extensive pastoral leadership experience as CEO of **Balm Worldwide International Ministries** and Founder of Breath Center Global
- Developed faith-based mental wellness curriculum currently in the adoption pipeline, designed for ongoing programming within community and faith-based organizations
- Experienced in mental health, grief, and spiritual resilience content delivery through an established personal platform — actively expanding to regional conference and keynote speaking engagements
- Delivered virtual wellness sessions demonstrating technology-enabled service delivery capability
- Published Author — *The Mind Is A Terrible Thing to Lose* (ISBN: 9798874209421) — a clinical and faith-integrated examination of America's mental health crisis, offering a framework for healing rooted in biblical principles and a call for church-government collaboration in mental health response
